

Year 4 Viking Day 2018

On Friday 28th September we welcomed Erik the Viking into school and instead of our usual Year 4 children a class of Vikings! This was a great day where the children learned all about what the Vikings and Anglo Saxons felt about each other, where the Vikings originally came from and how and where they lived. The children also spent time looking at and trying out some Viking artefacts. Year 4 and Mrs Richards would like to say thank you to the School Association for paying for this fantastic experience and to all of the parents for ensuring that their children looked fantastic.

This is a Viking drill used for making holes.

Making money could be a tricky business!

One punishment that Vikings had was to hold an extremely hot knife! If their hands healed quickly then they were innocent and if they didn't they were guilty!

This was another punishment for Vikings! The children were all very glad that they were only pretending for the day!
